Wheelers Lane Reconstruction – Stage 2 Upgrade from Railway Crossing to Myall Street

Dubbo Regional Council (Council) wishes to advise that the Wheelers Lane road upgrade, from the railway crossing to Myall Street, has been programmed to commence on 10 January 2024, with the entire project expected to be completed by mid-April 2024 (weather permitting).

This work will result in improved road safety by providing complete reconstruction of the road pavement and subsoil system, and also includes the removal of a disused watermain from the southbound travel lanes. This project will commence from 27 Wheelers Lane to 2 Douglas Mawson Road (refer to the attached map).

There will be some disruptions to residents while work is underway, and suitable traffic management will be in place from 10 January 2024. During this period, Council will endeavour to limit the impact on residences and businesses and will liaise further prior to impacting access.

Council acknowledges the inconvenience these works may cause, especially to local residents and business, and thank you for your continued understanding during these infrastructure improvement works.

If you have any further concerns please contact Council's Project Engineer, Satish Bandela, during normal office hours, on 0418 882 839.

Satish Bandela
Project Engineer
