9 January 2024

Wheelers Lane Stage 2 Reconstruction and Upgrade From Railway Crossing to Myall Street

As previously advised, Dubbo Regional Council wishes to advise that the Wheelers Lane road upgrade from the railway crossing to Myall Street has been programmed to commence on 10 January 2024, with the entire project expected to be completed by mid-April 2024 (weather permitting).

These works will result in improved road safety by providing complete reconstruction of the road pavement and subsoil system, and also includes the removal of a disused watermain from the southbound travel lanes. These works will be carried out between 27 Wheelers Lane to Douglas Mawson Road (refer to the attached map).

There will be some disruptions to residents while work is underway, and suitable safety measures will be in place from 10 January 2024. During this period, Council will endeavour to limit the impact on residents and businesses and will liaise further prior to impacting access.

Due to the nature of this work, traffic conditions will change in February 2024. Further details on the impact on traffic, and to keep up to date on the project, please visit Council's 'Your Say' page at the following link, and click the '+ Follow' button at the top left-hand of the project page.

If you are following the project, you will receive notifications and updates as the project progresses.

Council acknowledges the inconvenience these works may cause, especially to local residents and businesses, and thank you for your continued understanding during these infrastructure improvement works.

If you have any further concerns please contact Council's Project Engineer, Satish Bandela, during normal office hours, on 0418 882 839.

Satish Bandela
Project Engineer
