05 February 2024

## **Wheelers Lane Stage 2 Upgrade from Railway Crossing to Myall Street**

Dubbo Regional Council (DRC) wishes to advise that starting from Monday 12 February 2024 vehicle access to properties will be impacted as road reconstruction works commence.

The level of disturbance to properties will vary from intermittent access to blocked driveway access depending on where on the road works are being undertaken. Closer to the date, Council will provide advance notice to affected residents and Council staff will liaise with these residents to minimise disturbance.

Pedestrian access to properties, via the footpaths, will remain open for the duration of these works.

Further details on the impact on traffic, and to keep up to date on the project, please visit Council's 'Your Say' page at the following link and click the '+ Follow' button at the top left-hand of the project page.

If you are following the project, you will receive notifications and updates as the project progresses.

Council acknowledges the inconvenience these works may cause, especially to local residents and businesses, and thank you for your continued understanding during these infrastructure improvement works.

If you have any further concerns please contact Council's Project Engineer, Satish Bandela, during normal office hours, on 0418 882 839.
