

Water and Sewer Harmonisation | 2023/2024 Pricing Structure

June 2023

Community Engagement Summary

At the Thursday 9th February 2023 meeting of Council, Councillors resolved to undertake a collaborative style engagement process, with Dubbo Regional Council keen to hear from community about the proposed harmonised rates. Engagement activities were developed to **INFORM** Community through a range of print, rates notices, information sessions and consultations delivering simplified yet very effective modelling for general ratepayers and those identified as highly impacted.

During the Draft 2023/2024 Budget and Operational Plan public exhibition process throughout May, community had an opportunity to have their say on all associated documents and the proposed pricing structure.

A summary of the engagement activities and community participation are highlighted below.

How we reached you
